Toyota Hilux with Arctic Trucks Conversion AT35

Available with various base vehicles:

Hilux Double Cab 2.8L Comfort starting from €71,000 Excl VAT.

Also available in lounge double cab, invincible double cab and style extra cab upon request. The conversion to AT35 has not yet been carried out but can be completed within 4 months after availability of the car.

The pictures are examples of the AT35 conversion and do not represent the vehicle being offered.

The Toyota Hilux Arctic Trucks AT35 was developed based on decades of direct operational experience in the harshest and most challenging environments around the world. It is a professionally upgraded, high-mobility vehicle that features significant enhancements to the body, frame, drivetrain, suspension, wheels, and tires. The 35-inch tires not only look exceptionally good but also provide real off-road advantages:

- Significantly larger tire contact area
- Increased ground clearance
- Better approach and departure angles
- Excellent handling both on-road and off-road
- Significantly higher payload capacity compared to the Ford Ranger Raptor

The extensive conversion requires over 100 labor hours. The Toyota factory warranty remains valid after the conversion.

Additional optional equipment like a snorkel, aluminum skid plate, winch, hardtop, storage box, travel cabin, led lights etc., is available upon request.

AT35 Specification:

- * Extended Arctic Trucks fender flare package, front and rear (body colour or black), featuring recessed AT tyre pressure detail
- * Arctic Trucks re-engineering to frame, inner arches and bodywork
- * Rugged 17/10 ET-25 Arctic Trucks alloy wheels (matte black or hyper dark)
- * 35" (LT315/70 R17) BFGoodrich KO2 all-terrain tyres
- * Optimised and elevated OME performance suspension system featuring front springs/dampers (elevation: +40mm front / +40mm rear)
- * Upgraded front and rear differentials, for enhanced torque and drivability
- * Speedometer re-calibration
- * Robust extended side steps
- * Enlarged and strengthened Arctic Trucks mud guards, front and rear
